Chapter 8. BrucellosisBovine

IC 15-2.1-8-1

Testing; county appropriation

Sec. 1. TestingCounty Appropriation. Whenever the board determines that there shall be a testing program whereby cattle within a certified county shall be tested for bovine brucellosis to conform with regulations governing the recertification of a county, the county council of such county shall make an appropriation of a sufficient amount of money to carry on such testing program but the appropriation shall not exceed a tax levy of three-fourths (3/4) of a mill for each dollar of assessed valuation. The amount of money required shall be determined by the board from the most reliable source of information and shall reflect the number of cattle within a county. The board before July 1 of the year in which the appropriation is to be made shall notify the county auditor to have such amount of money included in the county budget for the year in which the testing of cattle for recertification purposes is to be done.

As added by Acts 1976, P.L.59, SEC.1.

IC 15-2.1-8-2

Testing; contract between county and board

Sec. 2. TestingContract Between County and Board. After an appropriation to carry on a testing program pursuant to this chapter has been made by the county council of any county, the board of county commissioners of such county shall enter into a contract with the board to cover the work to be done in the county and the expenses to be borne by the county. The board shall prescribe a regulation or standard form of contract, the terms of which shall be uniform in their application to all the counties in the state insofar as expenditures for incidental items and the employment of veterinary inspectors are concerned.

As added by Acts 1976, P.L.59, SEC.1.

IC 15-2.1-8-3

Testing; employment of veterinarians

Sec. 3. TestingEmployment of Veterinarians. A sufficient number of veterinarians shall be employed to meet the requirements of this chapter. The veterinarians so employed shall meet the same qualifications as are required of applicants to practice veterinary medicine and surgery as provided by the laws of this state and shall be licensed to practice in the state of Indiana and accredited by the United States department of agriculture. All such veterinarians shall operate at all times under direct supervision and control of the board.
